

Patient Referral Program ~ PRP

Our patients have always referred their friends and family to our practice, but we've never said a formal "Thank You".

We feel our former patients are our **BEST** advertisement and that your recommendation will mean everything to someone in need of physical, speech or occupational therapy.

Southeastern Therapy for Kids wants to take the time to say Thank You!

Whenever you, current or former patient, refers a family member or friend to either of our clinics at Southeastern Physical Therapy or Southeastern Therapy for Kids, you will receive a \$10 gift card to any ONE of the following: Starbucks, Tropical Smoothie or Panera Bread.

This is our way to say we appreciate your recommendation of our clinic.

How this works:

- Fill it out & give to a friend/family member who needs physical, speech or occupational therapy.
- When that friend/family member turns it in at their initial evaluation, you will be mailed your gift card – It's That Simple!

Your Name: _____

Your Address _____

Your Phone Number (____) _____

Name of Friend you Referred: _____

Gift Card Choice (circle one): **Starbucks** **Tropical Smoothie** **Panera Bread**

Please feel free to call our clinic with any questions regarding our new PRP (Patient Referral Program). Thanks again for your support!
